

# TRIOS<sup>®</sup> THE OPEN SYSTEM with just a scan... 3shape<sup>△</sup>

TRIOS - it's not just about digital impressions any more, it's also about educating patients and getting case acceptance. Patient "Excitement Apps".

## Don't miss this opportunity to learn about the New Dental Desktop Update AND Smile Design Software

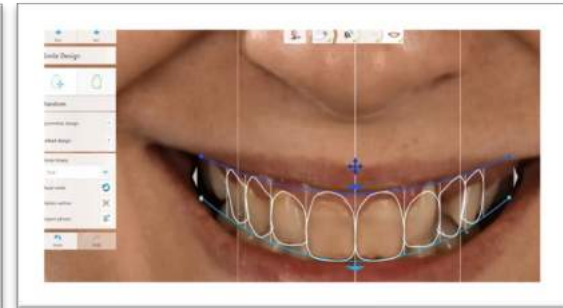

Your Trios system can be dropped off at the HS Center the day before (Thursday July 26th 2018 by 12noon), to get updated or you MUST arrange a time with TC support to do the update for you via remote access, prior to attending the training if you wish to update to Dental Desktop before training.

Patient Monitoring

Patient Specific Motion

Smile Design Studio\*

**3Shape customers, don't miss this opportunity for training on the NEW Dental Desktop Software**

- 3Shape and Henry Schein will be hosting a training event at the HS Elmhurst center on July 27, 2018.
- Review and Train on the new software platform and tools related to dental desktop workflows.
- How to use 3Shape Communicate for peer-to-peer, doctor-to-patient communication.
- We will also be presenting on the Smile Design Studio patient "Excitement App".
- Sneak peek on the coming "patient monitoring and patient specific motion".
