COURSE DESCRIPTION

Learn by doing at this immersive, hands-on experience!

Exceed with 3D is a comprehensive course featuring total integration of CEREC® CAD/CAM and CBCT/3D Imaging. You'll get hands-on experience with CEREC design software, 3D imaging software, and the imaging equipment that makes optimal productivity possible.

The program includes lecture, live procedures, and hands-on implant and treatment planning with Dentsply Sirona 3D workflows. You will see and experience the diagnostic capabilities enabled by 3D Imaging.

COURSE EDUCATOR

Dr. Darin O'Bryan graduated in 1997 from the University of Minnesota School of Dentistry. Dr. O'Bryan currently resides in Coos Bay/North Bend, a small coastal town, where he has a private practice focusing on implant, esthetics, and digital dentistry.

Dr. O'Bryan is a faculty member at CERECdoctors.com. He is also a beta tester for Dentsply Sirona, and a key opinion leader for multiple manufacturers in product and material evaluation and development. Dr. O'Bryan speaks both nationally and internationally on CAD/CAM, Cone Beam, and the integration of CEREC and Cone Beam CT.

*Henry Schein Dental will cover domestic, coach airfare, at a reasonable amount, for attendees of the Exceed with 3D event. Flights must be booked through your Henry Schein Dental representative. In compliance with the US state regulations, Health Care Practitioners licensed in the states of Vermont and Minnesota will be financially responsible for all travel arrangements, including transportation to and from the event and hotel stays for the event.

The federal government imposes certain restrictions on, and pursuant to the Sunshine Act requires public reporting of, transfers of value to a practitioner. Participation in this event may qualify as a reportable transfer of value under the Sunshine Act provisions of the Patient Protection and Affordable Care Act. Your Henry Schein representative can advise you of the reportable amount.
