

Planmeca Technology Open House for Henry Schein

The Planmeca Digital Academy is proud to announce we are bringing the best technologies and integrated digital workflow to dental teams all across the United States and Canada. We believe true partnership is attained through education and hands-on experiences followed by a customized digital roadmap. Planmeca welcomes your customers to visit Planmeca to expand or start their digital journey.

DATE + LOCATION

December 13, 2019

Planmeca USA Inc.

2600 Forbs Ave,
Hoffman Estates IL 60192

OBJECTIVES

- Gain knowledge in current and emerging technologies for digital intraoral impressions and CBCT systems
- Accurately capture an image and customize a virtual restoration
- Learn to create a ceramic restoration with optimal function and fit
- Analyze the indications and material options for clinical CAD/CAM systems
- Discuss efficient integration of 2D, 3D and CAD/CAM technology into the practice
